

**Our pupils will do better in Reading, Writing, Talking and Listening, Numeracy and Health and Wellbeing.**

We will:

- Make sure literacy, numeracy and health and wellbeing skills are in all our work
- Make sure children are learning all their key skills
- Make sure pupils have choice in their learning
- Make sure we are meeting all learner's need

*Joy Kindness Respect Honesty*

**Castleview Primary School  
Improvement Plan  
2019-2020**

**What are we going to be up to this year?**

**Our extra Funding**

Our school is lucky to get extra funding. We mainly use this funding on staffing. We believe that it is people that can make a difference to our learners through smaller learning groups and supporting inclusion. We will continue to spend our extra money on staffing this year.

**Our school family will develop a 'So what' attitude to help us do everything better.**

We will:

- Make sure everyone understands the importance of evaluating what we have done to improve
- Make sure our staff all take on leadership roles
- Make sure we are working with other teachers to help make our teaching and learning better
- Make sure we continue to focus on our school family values and support all our children and families

**Rights Respecting Schools  
Spreading Charity Messages**

We will support:

- McMillan Cancer Sept 2019
- Children in Need Nov 2019
- Save the Children Dec 2019
- Sport Relief March 2020
- Autism Awareness April 2020

**No cost to the school day  
The Benmore Bucket**

We will continue our goal to have no cost to learning in our school including free breakfast club, after school clubs, milk, fruit and Bagel Bar. This year at all school events we will put out the Benmore Bucket for donations to try and make our P7 residential trip free of charge.

Please come to one of our regular Parent Council Meetings or arrange to meet with our Headteacher Ms Langley if you want to find out more about our Improvement Plan.
